The Canning Factory started active work on Tuesday, July 9. The first two loads of peas brought in came from the farm of A. E. Ostrander, living five miles west of Yale. The outlook for a prosperous year is exceedingly good.

Mr. Krupp's people have used me splendidly. God bless them."

Much interest is being manifested in the racing matinee to be held in Riverside Park tomorrow afternoon. Each evening a number of horses have been winning up and close horses have been experienced. Each fast horse owner is confident that his horse is the speediest. Ike Rosenthal is the most outspoken of all. Speaking of tomorrow's races he said: "When they want to go by Tommy, they'll have to go some," which means we will see some exciting sport. There will be no admission fee, so come out and enjoy yourself.

What might have been a most serious accident, but which turned out very fortunately, happened to Ben Nelson, while assisting at Jas. Ricks' barn raising on Monday afternoon. A number of men were raising one of the beams by means of pikepoles and Mr. Nelson was using a short timber as a brace. Seeing another brace which needed to be put in place he stepped to that spot and bent over to pick up the stick. Just as he did so the men holding the pikepoles accidentally let it slip and the heavy black ash pole came rushing down, striking him on the back of the head, knocking him down and tearing out a gash about three inches long. Had Mr. Nelson been standing erect instead of stooping over, his life would have been crushed out in an instant. But as it happened the pole glanced off. Dr. Yuill attended the injured man and he is getting along as rapidly as could be expected.

GRAND STREET CARNIVAL.

Wixom Bros. Will hold a Six Days' Street Carnival in Yale beginning August 5 and continuing until the evening of August 10.

A meeting of the business men and citizens of Yale was held Tuesday evening in the Council Chambers for the purpose of conferring with Frank Wixom in reference to a street carnival.

Mr. Wixom explained his proposition quite thoroughly and finally an expression of opinion was taken. The sentiment was unanimously in favor of accepting the proposition.

On motion, W. A. Cavanaugh, president of the Business Men's Association of Yale, was instructed to appoint the necessary committees to carry out the work. Here is a list:—

Soliciting—First Ward, J. B. Stevens, J. E. Staley; Second Ward, J. E. Beavis, Fred T. Palmer; Third Ward, Jas. Wallace, Fred J. Wilt.

Executive—J. C. Holden, J. B. Stevens, J. E. Staley, Jas. Wallace.

Printing—Chas. H. Ponsford, J. I. Rosenthal, J. A. Menzies.

The carnival will be thoroughly advertised and we expect Yale will witness the largest crowds of people that have been here in years.

"Rube" Gough pitched a great game of ball on Monday, although his support lost the game for him. It went 16 innings, during which time he struck out 16. The opposing pitcher got but 5 to his credit. It was a pitcher's battle from start to finish, with the odds in favor of Gough.

The first round in the suit brought by Elizabeth Forester against her husband, Thomas Forester, was fought in the circuit court of St. Clair county at Port Huron on Monday last. The new immigrant law now in effect requires every alien coming from Canada, who has not lived one uninterrupted year in that country, to pay a fee of \$4 before he can enter the United States. When the immigrant enters this country he must be enrolled by the officials or he can never become a citizen of the United States.

Much needed repairs are being made on our old ramshackle of a depot. Mait Irwin and his assistants have done well to hold the building together as long as they have. What we need is a new, commodious and up-to-date depot in a more convenient spot. It should be on the southern side of the railroad track as all the business section is at the end of the town, and this would eliminate a great deal of danger in crossing the track to reach the station.

Benjamin, the two year old son of Dr. and Mrs. Clyne, had a narrow escape from death on Sunday, and his parents are deeply thankful that the little life is still their own. Bennie managed to climb on a chair before his father's medicine shelves and unscrewed a bottle which happened to contain carbolic acid. It might have been a dozen other medicines, but it wasn't. Bennie also got a spoon and poured some of the deadly stuff out and put it in his mouth. That was probably as far as it got as his screams from the burning mouth and chin brought help quickly. He was dosed with alcohol and in a short time was all right, but it was a danger from which his parents naturally shudder with horror.

Word reaches us from the country of an exciting ride experienced by one of Yale's M. Ds. the past week. It seems he was driving along the roadway when a large team frightened and in attempting to stop the beast from running away, one of the reins broke. The doctor then tried to bring the fractious animal under control when the remaining rein broke. "Oh! horrors! What shall I do?" he exclaimed. Thoughts of being piled up in a fence corner with lugsy horses, etc., in this heap came to his mind. It must not be thus. He at once grabbed the part of the horse used to swish flies from its anatomy and with a long pull, a strong pull, and a pull altogether he stopped the animal's mad race. The reins were tied up and the doctor reached home in safety but somewhat exhausted from the perilous ride he experienced that day.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made alone for Piles, and its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel-capped glass jars 50 cts. Sold by Pollock & Hennessy.

HOTEL ENTIRELY DESTROYED.

Sandusky, Mich., July 8.—Fire broke out in the Roberts Hotel, owned by William Roberts, Saturday and the building was completely destroyed. A store which was being built south of the hotel was also destroyed, and it was necessary to tear down a double building north of the fire to save others. All three structures were owned by Mr. Roberts.

A part of the hotel furniture was saved. About \$3,000 worth of liquor was stored in the bar which is conducted by Edward Roberts. The entire loss will reach \$15,000, with \$1,500 insurance.

The volunteer fire department of Cassville came here on a special Pere Marquette train and assisted the local department.
